# MAYOR'S INAUGURAL ADDRESS

*Gentlemen of the City Council*:—

Deeply grateful to citizens of Somersworth for the honor and opportunity for service which they have once more conferred upon us; fully cognizant of the fact that the acceptance of this honor carries with it certain responsibilities, duties and obligations which we are bound in conscience to carry through to the best of our ability; and with a sincere determination to conduct ourselves in such a manner as will completely justify the endorsement which we have received and the confidence placed in us—we today begin a new year in the administration of municipal affairs.

As we enter upon our duties, it is fitting and proper that we pause, closely survey the situation, consider the many and difficult problems at hand, and endeavour—with the welfare of citizens in general ever in mind—to work out the best possible solutions.

Political rivalries, racial and sectional prejudices, and all selfish personal ambitions must be entirely overlooked and discarded as we strive to bring real and lasting benefits to the city as a whole and to give an administration of which we can all justly feel proud.

During the past year, you gentlemen, with two exceptions, served as members of the City Council. In that period, you displayed an earnestness of purpose, devotion to duty, a knowledge of municipal affairs, ability, and a fine spirit of cooperation which

May 19 '59

made it possible to provide an honest and efficient administration to which citizens of Somersworth—by their support at the polls—have emphatically given a stamp of approval.

I take this opportunity to publicly acknowledge your valued assistance and to express my sincere appreciation. At the same time, I earnestly and confidently request your continued support and also that of your new colleagues.

With a full realization of the obstacles and uncertainties that may develop before the close of the year, and having no desire to make promises or predictions that might have the effect of raising false hopes among our worthy citizens, I hesitate today to submit any detailed program of action.

In the light of the knowledge that might be gained as the year progresses, and as our various problems begin to press for solution and action, I will make specific recommendations for your consideration.

There are certain matters, however, which—because of their nature—call for comment at this time and upon which I wish to talk to you briefly.

First, and foremost, we must bear in mind at all times the fact that we are custodians of a goodly portion of our citizens' finances and that unwise appropriations and expenditures on our part will inevitably be reflected in an increase in the already heavy burden of taxation.

Therefore, we must be very cautious and considerate as we proceed to arrange the municipal budget.

It is no niggardly policy that I suggest. I simply plead with you—in the handling of the city's funds—to employ the principles of sound economy,

to consider carefully the conditions that exist, and to demand dollar-for-dollar value in all expenditures. In other words, all that I ask is that the citizens, who must pay the bills, be given a break."

## TAXES AND TAXABLE VALUATIONS

Speaking frankly, and in all sincerity, I regret to report that I can see no immediate prospects for a reduction in the rate of taxation.

Confronted with a very serious situation at the beginning of the 1935 administration, we practically exhausted all means of effecting major economies. Although the net result was highly gratifying as it brought about a balanced budget and prevented the necessity of what was regarded as an inevitable tax rate increase, it could not be of sufficient proportions to warrant a tax reduction this year.

In our conscientious efforts to lighten the burden of taxation for our deserving citizens, we encounter two major obstacles—a steady decline in taxable valuations and mounting expenditures for welfare activities, including Public Welfare, Work Relief and Old Age Assistance.

In view of the fact that both of these obstacles are the direct results of the industrial depression here, it appears likely that they can be definitely removed only by means of a substantial industrial improvement which would add to the total of property valuations and, at the same time, make possible a reduction in welfare expenditures.

While we endeavor in every way possible to aid in bringing about industrial recovery here, and some definite signs of such are apparent, it is our duty to continue to faithfully serve our constituents and to

protect their assets in so far as it is possible for us to do so.

## DEPARTMENTAL CONSOLIDATIONS

Last year, as a means of effecting savings and bringing about a balanced budget, we adopted a policy of departmental consolidations. The activities of the Street, Garbage and Cemetery Departments were placed under the supervision of the Street Commissioner and the Tax Collector was called upon to assume certain duties previously performed by the Superintendent of Water Works.

Facts and figures—with which you gentlemen are very familiar—prove conclusively the success of our program.

At this time, I recommend that these consolidations be continued. In view of the fact that the consolidation program was one of the major accomplishments of the past year, I interpret the overwhelming endorsement recently given to us at the polls as a mandate to carry on.

## DEPARTMENT OF EDUCATION

Our Department of Education has, during the past year, been operated upon a sound and economical basis and within its appropriation. While the cost of maintenance has been kept at a very reasonable figure, however, none of the real needs of the department have been overlooked and the service rendered has been of the highest standard.

The school buildings and equipment are in comparatively good condition. We are exceptionally fortunate in the fact that members of our teaching staffs are able and conscientious, the supervision is excellent, the courses of instruction given are adequate.

As I extend my congratulations to all who are responsible for the successful conduct of our educational system, I recommend a continuance of the policies of the past year in this department.

## WATER DEPARTMENT

During the ensuing year, our Water Department should cause us very little trouble. Under the new administrative system, this department is now being conducted profitably.

Never before have we possessed better physical and mechanical equipment and never have people of Somersworth enjoyed the use of such water as is now supplied—water that, according to state laboratory tests, rates very high.

The recently adopted practice of reading water meters quarterly and, at the same time, conducting tests for leaks has proven highly beneficial and satisfactory. Considerable savings to water users have been effected in this manner through the timely discovery of leakage and I feel confident that they would not like to have the method discontinued.

## FIRE DEPARTMENT

Possessing a first class motor apparatus and other adequate equipment, which is manned by a crew well qualified by training and experience, the Fire Department is ready for another year of service in the protection of property.

Such is the status of this department that I believe that the only extra expenditure of importance now necessary is one for the purchase of additional hose to make the supply sufficient to cope with any emergency that might arise.

## REDUCTION IN NET INDEBTEDNESS

The economies effected during the past year have —I am happy to report—brought about a gratifying improvement in the financial standing of the city by making possible a substantial reduction in the net indebtedness.

The extent of this improvement is found in a comparison of the financial statement as of March 1, 1935, when we assumed our duties, with that of March 1, 1936, the beginning of the current fiscal year. They are as follows:

### FINANCIAL STANDING—MARCH 1, 1935

| | | |
|---|---|---|
| High School Bonds | $78,000.00 | |
| Highway Improvement Bonds | 48,000.00 | |
| Water Works Bonds | 44,000.00 | |
| Cemetery Trust Fund | 44,476.24 | |
| Cemetery Gate Trust Fund | 1,689.66 | |
| Chandler Trust Fund | 2,000.00 | |
| Richard Royal Eastman Fund | 103.05 | |
| Outstanding note | 35,000.00 | |
| State Tax Unpaid | 16,887.00 | |
| County Tax Unpaid | 19,529.56 | |
| Total liabilities, March 1, 1935 | | $289,685.51 |
| Cash on hand March 1, 1935 | $10,743.31 | |
| Cemetery Trust Fund | 44,476.24 | |
| Cemetery Gate Trust Fund | 1,689.66 | |
| Chandler Trust Fund | 2,000.00 | |
| Richard Royal Eastman Fund | 103.05 | |
| Total Assets, March 1, 1935 | | $59,012.26 |
| Net Debt, March 1, 1935 | | $230,673.25 |

FINANCIAL STANDING—MARCH 1, 1936

| | | |
|---|---|---|
| Debt Reduction Bonds | $40,000.00 | |
| High School Bonds | 72,000.00 | |
| Highway Improvement Bonds | 44,000.00 | |
| Water Works Bonds | 40,000.00 | |
| Cemetery Trust Fund | 45,526.24 | |
| Cemetery Gate Trust Fund | 1,732.14 | |
| Chandler Trust Fund | 2,000.00 | |
| Richard Royal Eastman Fund | 133.09 | |
| Outstanding note | 20,000.00 | |
| Total Liabilities, March 1, 1936 | | $265,391.47 |
| Cash on Hand March 1, 1936 | $15,345.92 | |
| Cemetery Trust Fund | 45,526.24 | |
| Cemetery Gate Trust Fund | 1,732.14 | |
| Chandler Trust Fund | 2,000.00 | |
| Richard Royal Eastman Fund | 133.09 | |
| Total Assets, March 1, 1936 | | $ 64,737.39 |
| Net Debt, March 1, 1936 | | $200,654.08 |
| Net Decrease in Indebtedness, March 1, 1936 | | $30,019.17 |

CONCLUSION

This, gentlemen, is the situation that exists as we begin the new administrative year. We have real problems confronting us—it is true—but I am convinced that they are not as serious or critical as those which we have faced and overcome during the past twelve months.

With an encouraging endorsement by the electorate, and aided by knowledge and confidence born

of experience, we must now proceed with the task at hand.

If we perform our respective duties ably and conscientiously; if we succeed in providing some measure of benefits or relief to our tax burdened citizens; if, in the final analysis, we find that we have given an honest and efficient administration, we will be amply rewarded when we conclude our terms in office.

This reward will not be in the nature of financial or material gains, but will come in the thrill of achievement and in the deep personal satisfaction that can be derived only from a task well done.

## MUNICIPAL ELECTION

### March 10, 1936

---

The following is a statement of the vote of Ward 1, Ward 2, Ward 3, Ward 4, Ward 5, as declared by the moderators of these respective wards, at the closing of the polls, on the tenth day of March, 1936.

### WARD ONE

MAYOR

Alfred J. Boucher, d ..... 255

cated at corner of Union and Depot streets. The abutter to my property is Alfred J. Boucher.

Respectfully submitted,

Antoinette Pepin.

The petitioner was granted a hearing to be held June 2, 1936, at 8.00 P. M., at the City Council rooms.

At a hearing held as aforesaid, the petition of Antoinette Pepin was granted June 2, 1936.

---

Somersworth, N. H., May 2, 1936.

*To His Honor, the Mayor, and City Council*:

Gentlemen—We, the undersigned petitioners, respectfully petition your Honorable Body for a sewer on Hanson, Pearl and Horne streets.

Elmer S. Fall, Joseph Pageotte, Eugene Drouin, Mrs. H. Horne, Frank W. Corson, Paul Rondeau, Joseph Houle, Delvina Drouin, Arthur Landry, Oliver Bisson, Martin J. Flanagan, Percy Furbush, Thomas Vachon, Gedeon W. Doyon, Paul Vachon.

The petition was referred to the Committee on Roads, Bridges and Drains with power to act.

---

Somersworth, N. H., September 29, 1936.

*Chairman of City Council,*
*Somersworth, New Hampshire:*

Dear Sir—I, the undersigned, as agent for Mrs. Caroline Pouliot beg to state that the latter has been a property owner, and therefore a tax payer, for sixty-three years. As a result of heavy outpours or spurting snow thaws, the cellar of said Mrs. Caroline Pouliot's dwelling house from the slope of the Indigo

Hill road and the track embankment of the Boston & Maine Railroad.

Needless to state that I have sustained appreciable damages from the flooding of said cellar, for which I did not seek, nor even now intend to recover damages. However, as in my estimation said floods result from the lack of proper sewerage to drain the water flowing down along said Indigo Hill road and railroad embankment, I am advising you in due course of time that I shall from now on hold the City responsible for any damages I may sustain as the result of future flooding.

Trusting that you take such action as may satisfy me and at the same time serve the City's best interests, I am

Very truly yours,
Mrs. Caroline Pouliot,
By Lucinda A. Bergeron as agent.

The foregoing petition was referred to the Committee on Roads, Bridges and Drains for further investigation.

---

Somersworth, N. H., August 11, 1936.
Special meeting October 9.

*To His Honor, the Mayor, and City Council*:

Gentlemen—Your undersigned petitioners request your Honorable Body for the extension of the water system in the Tates Brook section, so-called: Mr. John Chasse, Mrs. Claudia Chasse, Mrs. Delina Laflamme, Mrs. Robert Chasse, Mrs. Mae V. Barrett, Mr. Richard J. Staples, Mrs. C. E. Barrett, Mr. C. E. Barrett, Idella J. Wyman, Walter M. Wyman, Idella F. Wyman, Thomas N. Wyman, Lorenzo D. Otis, Su-

## RESOLUTIONS

---

Somersworth, N. H., April 7, 1937.

Resolved: That the Committee on Finance be and hereby is authorized and empowered to borrow in anticipation of taxes, to meet current expenses in such amounts and at such times as may be deemed advisable, at the lowest rate of interest obtainable; the amounts so borrowed not to exceed One Hundred Thousand (100,000.00) Dollars, and that the proper officers of the City be authorized to give the City's Notes or Note therefor. All debts incurred under authority of this resolution are hereby expressly made payable from the taxes of the current municipal year.

Passed April 7, 1937.

---

Somersworth, N. H., April 7, 1936.

Resolved: That the Collector of Taxes of the City of Somersworth for the year 1936 be authorized and empowered to allow interest on taxes for the current year, at the following rate; exclusive of poll taxes; 25 from April 7 to July 31, inclusive.

Passed April 7, 1936.

---

Somersworth, N. H., February 10, 1937.

Resolved: That the Committee on Finance be and hereby is empowered to transfer from any department that may have an excess of appropriation or from any money remaining in the treasury, not otherwise appropriated, and apply to such department as may have expended more than the appropriation therefor.

Passed February 10, 1937.

---

Somersworth, N. H., February 10, 1937.

Resolved: The Collector of taxes shall receive for his compensation for the year 1936, one per cent of all collections.

Passed February 10, 1937.

## STREET COMMISSIONER'S REPORT

Somersworth, N. H., March 1, 1937.

*To His Honor, the Mayor, and City Council:*

Gentlemen: In accordance with the provisions of the City Ordinances, I herewith submit my annual report for the fiscal year ending February 28, 1937.

The streets have been kept clean and receivers have been cleaned out twice during the year, and the manholes once as usual. We have installed new receivers on Main, Union and High streets, and have rebuilt six receivers throughout the city.

The department has furnished trucks, gas and oil for W. P. A. work for 1,445 hours. Included in our labor expense is an item of five hundred and forty-one dollars ($541.00) which we were able to charge to flood repair work, which enabled the city to save the extra appropriation on Town Road Aid of five hundred and forty-one dollars ($541.00).

The following streets have been given two coats of Tarvia the past year: Prospect, Fayette, Elm, Ford, Page, Mt. Vernon, Maine and Union. Gutters have been filled in on Main, Union, and part of Green and Pleasant streets.

The Cemetery road has been given another coat of gravel, and at very little expense could be oiled.

The Pray road from Rollinsford road to Indigo Hill road, has been surfaced with gravel.

Garbage has been collected daily at approximately the same cost as last year. We have collected five hundred and seventy-eight (578) loads of garbage with the Mack Truck, and from the comments received, these collections meet with the general approval of a vast majority of our citizens.

The following is an itemized account of the expenditures for labor, by the Highway Department the past year with payroll ending February 22, 1937.

| | |
|---|---|
| Garbage, | $1,828.63 |
| Snow removal, roads | 552.30 |
| Snow removal, walks, | 130.60 |
| Sanding roads and walks, | 873.45 |
| Horse plows, | 127.00 |
| Receivers and manholes, | 809.92 |
| Flood repairs on roads, | 541.00 |
| Repairs to equipment, | 252.90 |
| Supervision, | 149.10 |
| Heating city barn, | 20.16 |
| Cleaning streets, | 1,432.00 |
| Repairs to gravel roads, | 516.96 |
| Repairs to macadam roads, | 455.28 |
| Cemetery, | 807.78 |
| Clerical assistance, | 45.00 |
| Snow fence, | 96.18 |
| Roller operator (projects) | 22.68 |
| Oiling Main street and repairs to gutters, | 539.70 |
| Brush cutting and trimming trees, | 635.04 |
| Oiling Union street and repairs to gutters | 329.70 |
| Green street, filling gutters, | 103.32 |
| Miscellaneous (bank stand, Burleigh school, State highway and Page street) | 211.68 |
| Total, | $10,480.40 |

## Road Projects

Road projects completed this past year included the graveling and oiling of the following streets with two coats of Tarvia:

Fayette, Elm, Ford, Page, Mt. Vernon, Prospects streets, and also the graveling of Grove and Noble streets from Grand to Prospect. A two hundred

(200) foot cement curb was constructed on Prospect street. The city's contribution to these streets for supervision and materials used amounted to twenty-five hundred seventy-seven dollars and twenty-two cents ($2,577.22) and the furnishing of gravel, sand, paving and machinery which amounted to twenty-four hundred fifty-two dollars and eighty-five cents ($2,452.85).

Respectfully submitted,

John R. Hodsdon,

Street Commissioner.

## WATER DEPARTMENT COLLECTOR'S REPORT

Somersworth, N. H., February 27, 1937.

*To the Honorable Board of Water Commissioners:*

Gentlemen: I hereby submit to you a financial report of the Water Department for the year ending February 27, 1937.

| Distribution piping, | | 276.64 |
| Service pipes, | | 1,333.46 |
| Construction service, | | 227.46 |
| Miscellaneous, | | 2,206.65 |
| Hydrants, | | 223.06 |
| Total expenditures, | | $12,417.33 |

Respectfully submitted,

Edward L. Flanagan,
Collector.

## FIRE CHIEF'S REPORT

Somersworth, N. H., March 1, 1937.

*To His Honor, the Mayor, and City Council*:

Gentlemen: I herewith submit to you my fourth annual report of the Fire Department.

ROLL OF THE FIRE DEPARTMENT

Chief Engineer, John O'Neil.
1st Deputy Engineer, Harry D. Ledger.
2nd Deputy Engineer, Noel Chasse.

Captain, Napoleon Couture.
1st Lieutenant, Harold Hodsdon.
Clerk, John R. Hodsdon.

DRIVERS

Arthur Nadeau, Ernest L. Leon,
Robert O'Malley, Napoleon Couture,
Orin Littlefield, Harold Hodsdon,
Alfred Plante.

EQUIPMENT

One American LaFrance Triple Combination hose, pump and chemical.

One American LaFrance City Service truck, ladder and chemical.

One Ford V-8 combination pump and hose.

Two emergency hose wagons.

There are at present 2,000 feet of hose in good condition; 2,100 feet of hose in fair condition and 650 feet of ¾ inch chemical hose.

| | |
|---|---|
| Total number of alarms, | 108 |
| Number of box alarms, | 34 |
| Number of chimney fires, | 39 |

Number of grass and brush fires, 26
Number of fires, no alarm, 9

Thirty-eight permits to burn grass, leaves, etc., were issued.

Fire drills were held regularly in schools.

Chemicals in the public buildings were kept charged, and located for emergency use.

Woodlands were kept posted with fire warnings, and closed during dry spells. Inspections to eliminate fire hazards were conducted every three months.

In closing I wish to thank His Honor, the Mayor, the Committee on Fire Department, and all those who have assisted me in the discharge of my duties during the year.

To the officers and members of the department, my thanks are also due for their faithful attention to duty and their promptness in responding to the numerous calls during the past twelve months.

Respectfully submitted,

John O'Neil, Chief Engineer.

52 High and Fore streets.
54 Market street.

TRANSMITTER BOXES

551 West High and Cement road.
45 Lily Pond road.
Tests: 2 Blasts, 6 o'clock, P. M., and 12 noon.
1 Blast: Engineer's Call.
2-2-2 House call.
4 Out of town and brush fires.
1-1 No School Signal.
Morning, 7.30-7.45.
Afternoon, 12.30-12.45.

GENERAL RULES

Firemen as well as citizens should familiarize themselves with the following rules for giving alarms of fire.

1. Never pull a box for a fire seen at a distance.
2. Never pull a box while the alarm bells are ringing, not until a box has completed its four rounds. Two boxes cannot operate together, and neither will work if two are pulled at the same time. Never pull two alarms of two boxes for the same fire.
3. To ring in an alarm, break the glass in the key-box and open the outside door with the key. Pull down the brass crank seen inside, till it stops, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute

or so. Close the door, but do not try to remove the key, as it is locked in track lock and can only be removed by a release key, which is carried by each engineer, who will, as soon as convenient, release and return it. Remember that the firemen will come directly to the box which has been pulled, and be sure that someone stays at the box to direct them to the fire.

4. Never pull an alarm for a fire seen at a distance. Never touch a box except to give an alarm of fire. Give an alarm for no cause other than actual fire. Don't give an alarm for a chimney fire.

## REPORT OF CITY SOLICITOR

---

Somersworth, N. H., March 1, 1937.

*To His Honor, the Mayor, and City Council*:

Gentlemen: I submit herewith my report as City Solicitor for the year ending February 28, 1937.

The majority of cases before our Police Court during the past year have included motor vehicle violations, drunkenness and other misdemeanors. As a whole we have been free from all major crime. I feel that the record of our City compares favorably with that of any other city in the state.

Im am also very happy to report once more that there is no case pending in any Court in which the City appears either as party plaintiff or party defendant.

Respectfully submitted,

Thomas J. McGreal,

City Solicitor.

## REPORT OF THE TRUSTEES OF THE SOMERSWORTH PUBLIC LIBRARY

---

Somersworth, N. H., March 1, 1937.

*To His Honor, the Mayor, and City Council:*

Gentlemen: The Trustees of the Public Library respectfully submit the report of the Librarian for the year ending February 28, 1937.

The work of the Library has been conducted as in other years; no innovations have been attempted, owing to lack of sufficient funds.

The Trustees feel, however, that excellent work has been done during the year and the Librarian's report will be found interesting, giving as it does, the statistics for the year.

John R. Hodsdon,
Secretary.
A. J. Boucher,
Napoleon Habel,
Henry Harden,
Thomas J. McGreal,
Henry P. Mullen,
Trustees of the Somersworth Public Library.

## REPORT OF THE LIBRARIAN

Somersworth, N. H., March 1, 1937.

*To the Trustees of the Somersworth Public Library:*

Gentlemen: Herewith is submitted the report of the Librarian for the year ending February 28, 1937.

The recreational side of reading has our sympathy and unceasing attention. Indeed, reading for pleasure—good books—is of the utmost social importance. To make literature of good workmanship available to our patrons is our part of popular education. Nevertheless during the year we have added more books of non-fiction than of fiction, as we have been influenced by the fact that certain recreational reading is available to the average person, while the more expensive, outstanding books of the day are not so available.

The affairs of the Library have been conducted much the same as in other years. New books have been added every month during the past year.

Our Library, to the best of its ability, satisfies the demand of the citizens for the outstanding fiction and non-fiction, and furnishes information desired, by means of the latest encyclopedias, dictionaries and reference books.

This Public Library is a valuable asset to our schools as well as the general public. The schools more than ever are using the Library for reference work; we also supply books for required reading and study for the use of college students, especially those of the University of New Hampshire.

Our book fund is inadequate. We need books to make this institution up-to-date—books of science,

sociology, useful arts, and other classes of literature, which must be constantly added to the Library to keep it alive.

The following statistics will show the actual work done during the past year.

STATISTICS

| | |
|---|---|
| Number of volumes in Library, March 1, 1937, | 17,427 |
| Number of volumes acquired during the year, | 409 |
| (of these, 34 were acquired by donation and 375 by purchase.) | |
| Number of volumes rebound, | 263 |
| Number of new registrations during the year | 165 |
| Number of borrowers' cars in effect at the close of the year, | 3,826 |
| The Library was open 251 days; the highest circulation in one day was 308, March 29, 1936, and the lowest was 34, December 11, 1936. | |
| Total number of volumes loaned for home reading, | 32,980 |
| (Of this number adult circulation totaled 26,889; the juvenile books loaned numbered 6,091.) | |
| Of the 32,980 books loaned 26,630 were fiction; the other classes of reading (numbering 6,350) were divided as follows: | |
| General works, | 121 |
| Philosophy and Religion, | 175 |
| Sociology, | 669 |
| Language and Literature, | 488 |
| Natural science, | 290 |
| Useful arts, | 438 |
| Fine arts, | 493 |
| History and Travel, | 958 |

| | |
|---|---|
| Biography, | 417 |
| Current periodicals, | 1,673 |
| Books in French and Greek, | 302 |
| Pictures and Music, | 45 |
| Pamphlets, | 281 |

Respectfully submitted,

Leona H. Savithes,

Librarian.

## REPORT OF INSPECTOR OF PLUMBING

Somersworth, N. H., March 1, 1937.

*To His Honor, the Mayor, and City Council:*

Gentlemen: I herewith submit my report for the year ending February 28, 1937. Inspection of new sewer connections were made during the year, and also thirty-six inspections on alterations on plumbing appliances and fixtures placed therein.

Respectfully submitted,

Eugene J. Morin,

Plumbing Inspector.

## REPORT OF AUDITORS FOR THE YEAR ENDING FEBRUARY 28, 1937

---

*To His Honor, the Mayor, and City Council:*

Gentlemen: We herewith submit our report as auditors for the year ending February 28, 1937.

We certify to having examined the books and vouchers of the City Clerk and City Treasurer. We find the accounts to agree with orders drawn on the Treasurer and the accounts correctly cast.

We have also examined the books of the Water Works Department, Tax Collector, City Messenger, Superintendent of Forest Glade Cemetery, and Clerk of the Municipal Court, and find all accounts correctly cast and payments property vouchered.

Respectfully submitted,

Margaret Cray O'Connell,

Roscoe G. Edgerly,

Auditors.

## CEMETERY TRUST FUND

Donations and legacies held by the city for the care of graves and lots, avenues and monuments in Forest Glade cemetery, deposited in Somersworth Savings Bank as a cemetery trust fund, up to March 1, 1937.

# City of Somersworth, N. H.

July 1, 1935 to June 30, 1936

## DEPARTMENT OF PUBLIC INSTRUCTION
## 1935-1936

Archie L. Jacques, Chairman—Joseph Leeper, Secretary.

MEMBERS

Ward 1—Joseph Leeper, term expires March, 1939.
Ward 2—Mrs. John R. Uniack, term expires March, 1937.
Ward 3—Peter M. Gagne, term expires March, 1937.
Ward 4—Edward L. Flanagan, term expires March, 1937.
Ward 5—James Perreault, term expires March, 1938.
His Honor, Mayor Alfred J. Boucher, ex-officio.

Appointed by City Council—Haven Doe, term expires 1938; Antoine Fournier, term expires 1938; Andre DesMarais, term expires 1939; and Archie L. Jacques, term expires 1939.

SUB-COMMITTEES, 1935—1936

Finance—Jacques, Mrs. Uniack, Perreault.
High School—Doe, Flanagan, DesMarais.
Fuel—Boucher, Doe, O'Malley.
Elementary—O'Malley, Mrs. Uniack, Fournier.
Text Books—Flanagan, Perreault, Fournier.
Repairs—Boucher, Gagne, Jacques.
Athletics—Gagne, Flanagan, DesMarais.

SUB-COMMITTEES, 1936—1937

Finance—Doe, Perreault, Mrs. Uniack.
High School—DesMarais, Doe, Flanagan.
Fuel—Boucher, Gagne, Jacques.
Elementary—Perreault, Fournier, Leeper.
Text Books—Uniack, Leeper, Fournier.
Repairs—Gagne, Boucher, Jacques.
Athletics—Flanagan, DesMarais, Jacques.
Special on Transportation—Perreault, Flanagan, Fournier.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

June, 1936.

*To the School Board and Citizens of Somersworth:*

I herewith submit the forty-third annual report of the Somersworth School Department, which is the eighth under my supervision. Little statistical information is given, but such facts as ought to be of interest to parents if they take time to read them.

## HIGH SCHOOL

The report of the headmaster should be carefully considered. This year our high school has the largest enrollment in its history, two hundred six having registered, with an average membership of about one hundred ninety. We think that the maximum number has been reached. Many departments are overcrowded and the auditorium is now used for a study hall. The Mechanic Arts room is altogether too small to accommodate the boys who wish to pursue the Arts course. See report of your Mechanic Arts instructor. The teachers are all carrying very heavy teaching loads, with the so-called extra-curricula activities divided among them.

## PROFESSIONAL IMPROVEMENT OF TEACHERS

Last year the City of Rochester reported over one-third of its teachers preparing for more efficient work by summer courses or travel. Farmington reported seven as attending summer sessions, and in my own Union, Rollinsford reported one out of six. Somersworth has had only one teacher attending summer school since I have acted as Superintendent and only one (and that one the oldest in service) has traveled for educational benefit. The teaching experience of our corps of instructors is as follows:

| NAME | Total Experience | In City | Years in Present Position |
|---|---|---|---|
| Howard L. Winslow | 34 years | 8 | 8 |
| John R. Uniack | 25 | 19 | 19 |
| Henry P. Mullen | 21 | 21 | 21 |
| Joseph O. Lafond | 10 | 10 | 10 |
| J. Francis Francoeur | 8 | 7 | 7 |
| Mary E. Riley | 10 | 10 | 10 |
| Mildred C. Caswell | 13 | 8 | 8 |
| Jessie C. Lanouette | 6 | 6 | 6 |
| Helen L. McShane | 7 | 7 | 7 |
| Benjamin S. Mooney | 43 | 33 | 33 |
| Anna F. Kavanaugh | 22 | 18 | 18 |
| Bessie A. Mullen | 25 | 25 | 18 |
| Julia A. McCarthy | 23 | 35 | 8 |
| Abbie G. Keating | 23 | 36 | 17 |
| Lena Estelle Andrews | 17 | 15 | 4 |
| Mary F. Kelley | 47 | 47 | 4 |
| Fannie A. Cate | 41 | 41 | 4 |
| Bessie L. Freeman | 36 | 36 | 4 |
| Blanche L. Thibaudeau | 20 | 20 | 19 |
| Mary A. Minehan | 27 | 27 | 4 |

In the respective towns I call the teachers together as occasion warrants. Twice this year the School Department of Rochester has invited my teachers to attend very valuable teachers' meetings. The last one, held in April, was attended by 23 of my teachers as follows: From Milton—10; Rollinsford—4; Madbury—1 (100%); Durham—7.

We held an exhibition of school work in the Chandler School Auditorium May 21st and 22nd and special Armistice Day and Memorial Day exercises. These were planned and carried out by teacher committees.

## FEDERAL PROJECTS

The adult evening school which was carried on so successfully for two years was not opened this winter, largely due to the fact that such economic restrictions were placed on teachers as to make few available. Another relief measure designed to furnish assistance to needy students to keep them in

high school has been in operation during the current school year and three pupils have been helped thereby.

A small amount of Federal money was made available in the winter for furnishing milk to undernourished children. Twenty-five dollars was contributed by the Free Press Publishing Co. from their Christmas Basket Fund, and this enabled us to furnish a little more milk. Our own fund is getting low and we are grateful to the Free Press Publishing Co. for their help.

## PLAYGROUNDS

Our city lacks play space at its schools, but we are pleased to see that the Noble Pines grounds has been and is continuing to be greatly improved. I wish that a playground instructor might be furnished during the summer months. Outside of the athletic teams our pupils are not being taught properly how to make use of their leisure time. The Boy Scouts and Girl Scouts are organizations worthy of our support, but they are reaching only small groups of our city's children.

## MUSIC AND ART

We are carrying on music and art as well as we can without special supervisors and the exhibition showed that the teachers have continued the program to the best of their several abilities, profiting by the many years of supervision which our art supervisor gave them.

## TEST PROGRAM

In the elementary schools the Detroit First Grade Intelligence Test was again given and the results showed that we should expect about 20% of our pupils to fail the first grade. This does not mean that they are mentally deficient but that their mental ma-

turity is such that they cannot master the mechanics of reading. A pupil must have the mental maturity of a six-year-old in order to pursue profitably formal school work. Educators realize that more pupils fail because they cannot read understandingly than for any other one cause.

Standard Achievement tests have been given to grades 5, 6, 7, 8 in Geography and English and the respective grades reached a satisfactory standard. In this respect I quote from the report of Superintendent Rollins of Rochester: "There is another kind of school record that to me has greater significance than winning high marks because of rich natural endowment, and that is outstanding accomplishment as the result of persistent application and effort. In my opinion, the pupil who makes full use of his natural powers and receives a rank of C is more to be commended than one who makes only partial use of superior ability and receives a B. It is my belief that those pupils will become the most outstanding citizens whose record is one of complete use of the physical and mental gifts bestowed on them. Valuing high marks for high marks' sake is based on fallacious reasoning."

## BUILDINGS

During the Christmas vacation the floors of the Chandler School were treated and this summer another coat should be added to perfect the job and all the floors of the Burleigh and High schools should be treated. The High School has now been in use for nine years and if the leaks are now controlled this building should be completely renovated in its interior. This should have been done before, but it was useless to repaint until all leakage was stopped.

## TRANSPORTATION

Transporting over one hundred pupils presents quite an expensive problem, but we think that the problem has been solved better this year than previously. Very few places in the State transport pupils to and from school at the noon recess, but I recommend that this practice be continued, as it simplifies what would be a difficult lunch situation if the city had to help supply lunches in both the high and elementary schools.

Your superintendent is again President of the Educational Council of New Hampshire and has attended the New England Superintendents' meeting in Boston in November, and through the generosity of the city and the towns of this Union, which paid half of the expenses, was enabled to attend the National Educational Association, Department of Superintendence meets at St. Louis in February. On the return trip we visited Knoxville, Tenn., and saw the workings of the TVA at Norris and the Clinch River Valley. We were in thirteen states in eight days and I think that we of New Hampshire returned home satisfied that our schools were not behind those of any of the states we visited.

New school buildings are in process of erection in Rollinsford and Durham in this Supervisory Union and cooperation with the building committees frequently takes the superintendent away from his office. It is only through the assistance of an efficient clerk that he is able to keep ahead of his work.

I appreciate the cooperation which has been given me by the school authorities, parents, teachers, and pupils. We are all working together to attain the same end, BETTER SCHOOLS.

Respectfully submitted,

HOWARD L. WINSLOW, Supt. of Schools.

## REPORT OF HEADMASTER OF HIGH SCHOOL 1935-1936

*To the Superintendent of Schools and Members of the School Board:*

Herewith is submitted the annual report of Somersworth High School:

The general topic of our report this year will embrace some definite changes which have occurred in recent years, not so much in the Scholastic aspects of our high school as in the attitude which young people display toward matters of education. To meet these changes certain alterations have been necessary in our curriculum of which the general public has, perhaps been unaware. Yet while it is true that there has been a tendency toward the selection of those subjects which have a cash value there is also apparent a desire for certain studies which have the outward appearance of arousing mental curiosity yet be lacking in the discipline which is so necessary for the development of character. In other words, much of the older culture has been shunned either because it was difficult or because it could not be after graduation, converted into currency. Now this trend, commendable though it be, has had, it seems to me, a most undesirable effect upon our young people, for it has resulted in the conviction that a diploma became, in some inexplicable way, a talisman which assured one's material success in life and was not merely a badge which certified attendance, for a certain number of years, in school. The two are by no means connective nor does one connote the other. Intelligence, initiative, mental energy, a dissatisfaction with the existing order are qualities which are still necessary for success. A diploma is, after all is said and done, just a ticket which admits

its possessor to the game; the game itself remains to be played. The danger is that too many of our young people are depending for future success, not upon self-discipline, but upon, what is too often the case, a mere record of school attendance.

The work of the past year has shown a satisfactory progress not only in required subjects but also in extracurricular activities. The debating Club, largely upon the initiative of its members, has built up a schedule and developed a team which, in quite informal way, has brought many benefits to the club and to the school. The Dramatic Club was also active and in addition to the Senior Play presented several one-act plays.

Much credit is due the Mechanic Arts Department for the many minor repairs which were necessary and to which they devoted their time. All were accomplished in a workmanlike manner, as were the many projects which were devised for use in this and in other schools.

After a lapse of many years, a school paper, The Hilltopper, has again made its appearance under the editorship of a group of Junior boys. The first two issues were mimeographed by the Office Practice Class of the Commercial Department and presented a finished product of thorough workmanship. The last issue of the year will be printed and we hope that it may be accepted by the public, as were the first issues, as a symbol of what has been and is now being done, both intellectually and mechanically in your high school.

As in other schools, the past year has seen a decided falling off in the number of our graduates who enter college. Of the twenty-five graduates in last year's class, one entered the University of New Hampshire, one entered Keene Normal, and three

girls entered hospital training schools. It would, perhaps, be easy to ascribe this lack of interest in post secondary education to the economic conditions of the present; to us, however, there is apparent another reason and that is because college graduates themselves have suffered from the depression and many are unable to secure those remunerative positions to which, they feel, they are entitled by training. It is no secret, at least to college deans, that employers are interested only in those who graduate in the upper fifth of the class. For the lower fifths competition is still so keen that the remuneration offered them is no more than that paid to a skilled mechanic. This may be a rather pessimistic view, but these are the facts and it would seem unwise to ignore them. That the same conditions will hold in the future there may be some doubt, but present trends would indicate that the day of individualism is past; that the large corporations are now seeking and will continue to seek only the best minds; and that many years will pass before the principle of collectivism which our Supreme Court has held to be unconstitutional will be accepted by the American people.

Respectfully submitted,

JOHN R. UNIACK.

## REPORT OF SCHOOL NURSE

June, 1936.

*To the Superintendent of Schools and Members of the School Board:*

Gentlemen:

It is with pleasure that I submit my annual report as school nurse in Somersworth.

| | |
|---|---|
| Number of children examined, | 1308 |
| Number of children's eyes tested, | 1223 |
| Number of children's throats examined, | 1308 |

Communicable diseases found:

| | |
|---|---|
| Mumps, | 7 |
| Skin cases, | 8 |
| Chicken pox, | 2 |

When you consider that over thirteen hundred children are in the city, this record of communicable diseases is remarkably good.

Through the Child Welfare Department we are able to secure a Toxoid Clinic, its purpose being to immunize children against the dread disease Diphtheria. The clinic was held in St. Jean de Baptist Hall, June 4, 1936. Simultaneously, a "Well Baby Clinic" was held and 155 babies and children were immunized against Diphtheria. Today great stress is laid on the use of Diphtheria Toxoid. Diphtheria can be prevented and Toxin-Anti-Toxin prevents it. Medical science has found in the Toxin-Anti-Toxin a wonderful protection for the child. It is a safeguard for his future health and happiness. One can never tell when Diphtheria may become an epidemic in his community.

Again, this year, we were given an allotted sum of money from the State of New Hampshire Relief Administration with which to purchase milk for the many undernourished children in the schools. For a period of four months thirty-six bottles were distributed daily. Needless to say, the mid-day lunch helped to enliven the spirits of these little people.

Six hundred seventy-two visits were made to the homes, advising the parents to remedy certain defects found prevalent among their children, namely, defective teeth, eyes, throat and skin. Great stress was also laid upon cleanliness of the body and hair. In many instances the cause of a backward, listless and sickly child is traced to these defects. Enlarged tonsils should also be given attention in order to insure good health and alertness.

At Christmas time and again in March, clothes were distributed among the needy. At this time let me thank those who contributed the necessary clothes to those in need.

In closing I wish to thank the Superintendent, School Board, Teachers and Parents for assisting me during the school year.

Respectfully submitted,

DOROTHY A. KAVANAUGH, R. N.,

School Nurse.

## REPORT OF MECHANIC ARTS INSTRUCTOR

June 12, 1936.

*To the Superintendent of Schools and Members of the School Board:*

Instruction in the high school has been given as usual in Mechanical Drawing, Cabinet Making and Auto-Mechanics. The conditions were such, however, that it was rather difficult to handle, as in both the Cabinet Making and Auto-Mechanic Classes the enrollment was twenty-four and twenty-three respectively. We have space and equipment for only nineteen in each class, and if the future maintains the rate of increase of the past few years, something will have to be done to provide space and equipment for the increase.

The Cabinet Making Class was considered better than average and the type of projects completed will be found useful in the home. Some of the following were taken from the several completed projects: Book cases, kitchen cabinet, cedar chests, wardrobe, smoking cabinets, baseball bats and tables of various kinds.

The Auto-Mechanics Class was too large for the number of automobiles and tools available. Through the cooperation of Lemay's Garage we were able to secure a complete machine to work on and the boys brought in two more old models which gave us means of obtaining a knowledge of repairing and construction, from the engine through the differential.

The entire class took a trip to the Ford plant in Somerville, Mass., and saw the Ford car assembled and finished from the time the frame was presented through the final painting operation. Moving

picture slides showing the new features of the 1936 models were shown and mechanic repair manuals were furnished by the General Motors Corporation.

The sexenth, eighth and special grades have completed many smaller projects that will be found useful, such as taborets, medicine cabinets, book-ends and similar low-cost furniture. A study of stains, paints, tools and woods will enable these boys to understand the proper method of using them about the home or for a foundation for future mechanical work.

The Annual Exhibition of Mechanic Arts Work was held in the Chandler School, May 23rd, and many parents and friends attended the evening session.

The total number of boys enrolled in Mechanic Arts this year was 103, which made it difficult to find space for unfinished projects.

I wish to thank all who have cooperated with us in making the past year a successful one.

Yours respectfully,

J. O. LAFOND,

Instructor of Mechanic Arts.

## REPORT OF DOMESTIC ARTS INSTRUCTOR

May 25, 1936.

*To the Superintendent of Schools and Members of the School Board:*

I respectfully submit my annual report of the work done in the Domestic Arts Department of the Somersworth Schools.

The seventh and special grade girls canned fruits and vegetables and made jellies and relishes. They prepared and served six balanced meals, considered cost and nutritive values suitable to the average home represented. Their sewing projects consisted of aprons, slips, kimonas, Christmas gifts, blouses and cotton dresses.

The eighth grade canned fruits and vegetables, made jellies, relishes and pickles. They prepared and served six balanced meals; nutritive values, cost, methods of preparation and service were considered. Their sewing projects consisted of slips, nightgowns, pajamas, Christmas gifts, blouses and wash dresses.

The High School freshman and sophomore classes studied foods and nutrition. They studied the composition and digestion of foods, their source, manufacture, marketing, storage and care. They preserved fruits, vegetables, relishes, pickles, and made jellies. They prepared and served twelve meals suitable for the average home represented.

The junior and senior classes studied the family and its members. This included home membership responsibilities, use of leisure time, home care of the helpless, infant and child care, clothing for infants, home nursing, first aid and choice of vocations.

October 28, the High School girls entertained their mothers, and November 15, the grade girls were hostesses. May 12 an enjoyable get-together was held at the High School. A one act play, directed by Miss Riley, was much appreciated.

The annual exhibition was held at the Chandler School May 21 and 22. A more general exhibit was made this year, all the schools cooperating.

I wish to thank all those who have helped in making this a successful year.

Respectfully submitted,

MILDRED C. CASWELL.

## LIST OF EXPENDITURES FROM JULY 1, 1935, TO JULY 1, 1936

| | |
|---|---|
| Salaries of district officers, | $ 50.00 |
| Superintendent's excess salary, | 666.90 |
| Census, | 50.00 |
| Administration, | 812.98 |
| Teachers' payroll, high | 13,502.00 |
| Teachers' payroll, elementary, | 11,970.00 |
| Text books, high, | 422.86 |
| Text books, elementary, | 198.04 |
| Scholars' supplies, high, | 263.96 |
| Scholars' supplies, elementary, | 150.25 |
| Flags and appurtenances, high, | 3.75 |

## LIST OF GRAMMAR SCHOOL GRADUATES

**June 12, 1936**

---

Merton Bell
Richard Bickford
Eugene Brunelle
Donald Cochrane
Nicholas Goudoros
Leo Guilmette
George Hanson
Harry Pestude
Chris Kathios
James Kathios
Spero Kathios
Victor Ogreni
Richard Perreault
Howard Wells
William Winn
Thomas Wyman
Lorna Blackmore
Madeline Brennan
Elizabeth Cavanaugh
Anastasia Collay
Dorothy Furbush
Muriel Gaudette
Althea Graves
Mildred Irwin
Margaret Lamie
Eudora Langley
Eleanor Leonard
Bertha Lessard
Lorraine Perrault
Virginia Rainville
Claire Rodis
Catherine Rowland
Barbara Sweet
Melpa Yerakes

## GRADUATING EXERCISES, CLASS OF 1936

Graduating Exercises of the Class of 1936, Somersworth High School, at High School Campus, Thursday evening, June 11, at six o'clock.

19—GRADUATING EXERCISES—36

PROGRAM

March — Orchestra

Invocation

Salutatory and Essay
Alice Marie Collins

Class Prophecy
Phyllis Mary Holdsworth

Selection — Orchestra

Address to the Undergraduates
Arthur Clayton Tenney

Class Gifts
Christy Anastanopoulos
